Preface

GASTONIA is a one-generation town and therefore looks to the future with most bright prospects. A generation ago there was nothing here but a small village. To-day it is prosperous municipality with twenty-seven textile mills, counting some which border on the city but are not in the incorporated limits, and is the county seat of a county having over seventy-six mills of this kind. There are also many other industrial enterprises of importance in Gastonia.

The city has eleven miles of bitulithic streets and many miles of other less expensive paving. There are many miles of good sidewalks. The homes are attractive and comfortable. The mills provide excellent living conditions for their employees. The business houses are up-to-date and do a large business. The four banks are most important factors in the industrial, commercial and agricultural development of the section. The larger denominations are represented by creditable church edifices. Many fraternal orders have large lodges. The health conditions of the city are first class—a factor in this being the unusually pure water supplied by the city plant. The city is lighted and the mills are mostly operated by hydro-electric power.

The city has a live Chamber of Commerce with a salaried executive secretary in charge and attractive and commodious quarters down-town.

THE ORIGINATORS OF NORTH CAROLINA'S ONE-PRICE CASH STORES

The Stores That Sell the Same Goods for Less

The question has been asked by large competitors of EFIRD'S: "We wonder how they can sell the best Merchandise at such low prices. Still they do it." (There's a secret to every business.)

EFIRD'S MOTTO

Small profits and quick sales and satisfaction guaranteed or your money promptly and cheerfully refunded.

Reasons Why You Can Buy for Less at Efird's

We charge no goods—you do not have to help pay bookkeepers and extra bookkeepers, collectors, interest on accounts, old accounts that are never collected, and numerous other items that double the expense of a credit business.

YOU GET WHAT YOU PAY FOR AT EFIRD'S

Everything Marked in Plain Figures and One Price to All

Goods Bought Right Can Be Sold For Less

We deal direct with the largest manufacturers in the country, which cuts out all middlemen's profits. With our chain of twelve Big Retail and Wholesale Stores, no quantity is too large when the price is right.

The Pyramids of Egypt Are Striking Examples of

Stability and Permanency

Do you realize that an advertisement in the City Directory is a testimonial to the

STABILITY AND PERMANENCY OF THE ADVERTISER

It is this kind of a concern that we all want to patronize. Because we know that when they sell us merchandise, they are behind it in every way.

"Fly-by-Night," "Fire Sale" and other "Get-Rich-Quick" concerns very rarely advertise in the City Directory—they seldom stay long enough in one place; they are like the ceaseless rolling sands, forever on the move.

It is a noteworthy fact that concerns which advertise in the Directory one year are there again year after year; ninety per cent of Directory advertising is renewed; for it is not only profitable, but economical as well.

If you have never tried this medium, do so the first opportunity, and give stability and permanency to your business.

Why?

There's a Reason

Because, just as the live wire which carries the current which turns the wheels of numerous industries, so does the City Directory carry the Lights to the buyer seeking goods in your line.
